

EP100 External Power Supply

Technical Data

- Frequency response 125Hz 8KHz
- Current consumption Typical 12mA
- Operation voltage 4-8V
- Dimension (LxWxH) 120x50x50mm
- Color & case material Black plated iron case

Configuration

- Switch channel selector (6 channels) x 1
volume control x 1
- Headphone socket 3.5mm jack female socket x 1
- Cable 50ohm coaxial cable
- Connector BNC sockets
